DESCRIPTION

The Trackday Championship is the graduate championship for Trackday Trophy drivers and other more experienced competitors in production and production-based sports and saloon cars. Further details can be found on the Trackday Championship website.

RACES

Races are designed for teams of two drivers so that the costs of running the car can be shared, together with the excitement! Classes are determined on a power-to-weight ratio and each race will be 45-minutes in length and preceded by a 30-minute qualifying session. These races will include a pit stop and allow for driver changes.

POINTS AND REWARDS

Points will be awarded to competitors listed as classified finishers in the final results as follows: 30, 27, 24, 20, 18, 16, 14, 12, 10, 8, 6, 4, 3, 2, 1, plus 1 for single fastest lap in qualifying or race. A maximum of 5 points will be added for cars beaten in class.

TEAMS

Teams can be made up of two drivers or solo entries. All teams must complete a pit-stop during the pit-stop window of between 15 minutes and 30 minutes into the race. All teams must complete two minute pit stop.

SPECIFICATION

Regulations for the series are reasonably relaxed to accommodate a wide range of vehicles.
